

DR. WANDAJEAN JONES

TECHNOLOGY INNOVATION LEADERSHIP

Dr. WandaJean Jones is a dynamic technology thought leader and seasoned professional with a rich background in digital transformation, human capital management, and strategic leadership. Her career spans over two decades, during which she has consistently demonstrated her ability to drive innovation and efficiency in various organizational roles.

Dr. Jones has extensive experience in managing and optimizing enterprise learning technologies, having led significant projects that resulted in substantial cost savings and operational improvements. Her strategic initiatives have consistently driven impactful changes, aligning technological advancements with organizational goals. She is proficient in implementing cutting-edge technologies such as AI assistants and chatbots, which enhance capacity and streamline processes across teams.

A recognized expert in AI development, Dr. Jones has created AI solutions for non-profit teams and business automations for complex corporate projects. Her work in this field has earned her certifications in Career Essentials in Generative AI by Microsoft and LinkedIn, showcasing her commitment to leveraging AI for innovative solutions. Her AI Assistant strategies at Adobe have demonstrated how leaders can innovate to create capacity for their teams, resulting in significant efficiency gains and improved collaboration.

As a knowledge management leader, Dr. Jones has developed and executed global strategies that improved knowledge sharing and data governance. Her work has encompassed full lifecycle management of complex projects, ensuring successful implementations and adherence to best practices. She has a strong background in Oracle Cloud ERP/SCM/HCM project management and has led global learning strategies that align with organizational goals, assess employee performance, and drive overall success. Notably, she was recognized as the first African-American leader of Global Learning Management System Technology for General Electric.

Dr. Jones is a proud military veteran, having begun her career in the U.S. Navy's Naval Nuclear program. This experience instilled in her a strong foundation of discipline and technical expertise. She holds a degree in Computer Programming and Graphic Design from Sullivan School of Technology & Design, an MBA from Sullivan University, a Master's Degree in Early Childhood Education from Walden University, and a Doctorate in Organizational Leadership and Curriculum Instruction from St. Thomas University.

Her additional certifications include Business Strategy and Management Accelerator from McKinsey & Company, and Adobe Captivate Specialist. These certifications, along with her extensive experience, highlight her expertise as a business leader and her ability to drive strategic initiatives that deliver tangible results.

Beyond her professional accomplishments, Dr. Jones is a passionate advocate for learning and leadership. She has held various leadership roles, including serving on boards of directors and advisory committees, where she leverages her expertise to influence and guide organizational strategies. Her passion for learning, loving people, and leadership has been a constant driver throughout her personal journey.

Dr. Jones is a devoted Christian wife and mother, balancing her professional life with a fulfilling family life. Married to Curtis Jones, a talented musician and business professional, they have seven wonderful children. Together, they have cultivated a nurturing environment that emphasizes the importance of education, creativity, and financial independence.

Dr. WandaJean Jones embodies a blend of professional excellence, innovative thinking, and personal integrity. Her journey is a testament to her dedication to making a positive impact in both her career and personal life.
